**Rebuilt/Reconstructed Title**

A Rebuilt/Reconstructed vehicle is a salvage vehicle that has been repaired and restored to operation. These vehicles are often severely damaged before they are rebuilt and refurbished parts are typically used during reconstruction. In most states, an inspection of the vehicle is required before the vehicle is allowed to return to the road.

**Manufacturer Buyback or Lemon Title**

A DMV or a state agency marks an official document or issues a Manufacturer Buyback/Lemon title when a vehicle has been repurchased by the manufacturer. Not all states issue manufacturer buyback titles and the specific requirements for a lemon law vehicle varies by state.

**Odometer Rollback**

If a more recent odometer reading is less than an older reading, then the odometer may have been tampered with and "rolled back".

**Manufacturer Recall**

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

**Basic Warranty**

Most manufacturers offer a basic warranty for new vehicles. These warranties vary by manufacturer and typically last for a certain amount of time and/or a set number of miles.

**Not Actual Mileage Title**

When the seller certifies, under the Federal Odometer Act, that the odometer reading does not reflect the vehicle's actual mileage. This may occur because the odometer was tampered with, broken, or replaced.

**Junk Title**

A Junk Title is issued on a vehicle damaged to the extent that the cost of repairing the vehicle exceeds ~ 75% of its pre-damage value. This damage threshold may vary by state. The majority of states use this title to indicate that a vehicle is not road worthy and cannot be titled again. Some states treat Junk titles the same as Salvage.

**Loss Due To Fire Title**

The vehicle sustained major damage due to fire. In most states, fire damage titles are issued when the cost of repairing the vehicle for safe operation exceeds its fair market value.

**Exceeds Mechanical Limits Title**

A vehicle with a 5-digit odometer cannot accurately track mileage after 99,999 miles because the odometer rolls over. This title is the result of a seller certifying under the Federal Odometer Act, that the odometer reading EXCEEDS MECHANICAL LIMITS of the odometer.

**Structural / Frame Damage**

In most cases, a vehicle is inspected for structural or frame damage, depending on the body design, after an accident or other incident. All levels of accidents from minor to severe can cause structural / frame damage and in most cases it can be repaired.

**Airbag Deployment**

Occurs when the driver, passenger or side airbag has been used or deployed during a crash or other incident. If an airbag has been deployed, it must be replaced by a qualified technician. Have this car inspected by a mechanic prior to purchase.

**Salvage Title**

A Salvage Title is issued on a vehicle damaged to the extent that the cost of repairing the vehicle exceeds ~ 75% of its pre-damage value. This damage threshold may vary by state. Some states treat Junk titles the same as Salvage but the majority use this title to indicate that a vehicle is not road worthy and cannot be titled again in that state. The following eleven States also use Salvage titles to identify stolen vehicles - AZ, FL, GA, IL, MD, MN, NJ, NM, NY, OK and OR.

**Total Loss**

An insurance or fleet company declares a vehicle a total loss when a claim exceeds ~ 75% of its pre-damage value or if the vehicle is stolen and not recovered. This damage threshold varies by company. These companies typically take possession and obtain the title. Not all total loss vehicles result in a DMV-reported branded title, like a Salvage or Junk title. See the glossary for more information.

**Accident / Damage Indicator**

Various events could indicate an accident or damage in a vehicle's history, such as: salvage auction, fire damage, police-reported accident, crash test vehicle, damage disclosure, collision repair facility and automotive recycler records. See the glossary for more information.

**Hail Damage Title**

The vehicle sustained major damage due to hail. In most states, hail damage titles are issued when the cost of repairing the vehicle for safe operation exceeds its fair market value.

**Flood Damage Title**

States issue flood titles when a vehicle has been in a flood or has received extensive water damage.

**Standard Equipment**

Air Conditioning, Power Brakes, 6-digit Odometer

**Safety Options**

4 wheel ABS, Active (manual) belts

[View Full Glossary](#)

**First Owner**

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

**New Owner Reported**

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

**Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

**Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
